## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election without traverse of Species II (Fig. 6), directed to claims 3-4, in the reply filed on September 8, 2005 is acknowledged.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 3-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 3, it is unclear which sheet is referred to in line 6. Is this sheet the sheet to be reversed or the previously recited sheet in line 3 of claim 3? One possibility is to change the recited "the sheet" in line 6 to "the sheet to be reversed", if this is what is intended to be claimed.

Regarding claim 3, it is unclear which sheet is referred to in line 8. Is this sheet the sheet the sheet not to be reversed or one of the other previously recited sheets in claim 3?

Regarding claim 3, it is unclear if the first rotational shaft extends in a first direction or rotates in a first direction. Also, it is unclear if the second rotational shaft extends in the first direction or rotates in the first direction.

Claim 3 recites the limitation "the entrance" in line 29. There is insufficient antecedent basis for this limitation in the claim.
